

MID-AMERICAN OFFERING STOCK

Active volcanoes are associated with death and destruction, but extinct ones are frequently the sources of great wealth, as was explained recently at a gathering of scientists in Washington. This wealth may be in the form of gold, silver, diamond or oil.

Perhaps the richest deposit of volcanic gold ever found was that of the Cripple Creek district in Colorado, whence about 375 million dollars in the yellow metal has been taken since its discovery in 1890. This was mined from the crater of an extinct volcano which blew up about 25 million years ago, after which the deposits of gold ore occurred.

Another gold field in Colorado's San Juan mountains, is attributed to the eruption of the great Silverton volcano about the same time, and from this field some 270 million dollars worth of ore has been taken. When this crater finally settled down it formed a broad low dome covering an area of more than 1,000 square miles.

The diamond mines of Arkansas, the only ones so far discovered in America, are of volcanic origin. Important oil pools in Texas and other parts of the Gulf coastal plain have been discovered during the last 25 years in cones of volcanoes which eruption some 80 million years ago.

Careful studies of these volcanic formations have aided geologists in their search for mineral wealth, and doubtless many more important discoveries will be made from time to time.

"I am quitting because I am sick and tired of taxes." Those are the words of Maxwell H. Nowak of Chicago, who spent 35 years in building up a livestock feed concern with 64 warehouses in 28 states and doing an annual business of \$1,500,000.

In a statement to International News Service, Mr. Nowak declared that he was obliged to pay about 50 different kinds of taxes, and that the salaries of clerks, auditors and lawyers merely to keep his tax reports straight amounted to more than \$7,000 last year.

Although the volume of business done seemed large, he said there was little profit, as the tax collectors took the major portion of what might have been a return for his investment and the worry of trying to keep going. So he decided to quit.

Every business man, big or little, can appreciate how Mr. Nowak feels about all this. Not only are the taxes themselves an almost unbearable burden, but the endless bookkeeping, making of reports, and satisfying all the official boards, commissions, agents and inspectors are enough to drive one crazy, even if he were fortunate enough to make a little profit.

When the custom of observing the annual period of fasting known as Lent began is not known with certainty, but it originated early in the life of the church, probably in the latter part of the second century after Christ.

In the past the time of observance and the number of days included in the Lenten season have varied widely, and these matters were long the subject of serious controversy among ecclesiastical authorities.

At first, it appears from the writings of early fathers of the church, only one or two days of fasting were prescribed. By the fourth century, periods of three, six and even seven weeks were observed in various countries, with varying customs with respect to the continuity of the fast.

As at present established, Lent is a fast of forty days, not including Sundays, beginning with Ash Wednesday and ending the Saturday before Easter. This year Ash Wednesday fell on March 2, and Easter falls on April 17.

During Lent it is considered desirable by the churches observing it that their members abstain from food each fasting day until evening; also that the season be marked by frequent prayer.

Duke & Ayres Here Observe 25th Year

New Stamps Soon to Be Issued; Former Presidents Appear

Twelve former Presidents of the United States will figure in the printing of new postage stamps, says Joe G. Matula of the local system.

Mr. Matula released last week a statement relative to the new issues soon to appear.

Former presidents whose faces have not appeared on postage stamps thus far are: Calvin Coolidge, Chester A. Arthur, Andrew Johnson, James Buchanan, Franklin Pierce, Millard Fillmore, John Tyler, James K. Polk, William Henry Harrison, Martin Van Buren, John Adams and John Quincy Adams.

The present issue of stamps have been used since 1922. New stamps to appear are 4 1-2c, 16c, 18c, 19c, 35c and 40c, will also appear in addition to the former.

The face of Martha Washington, although not new on stamps, will be used on the 1 1-2c stamp. Benjamin Franklin whose face has been used many years on 1c stamps will also be used on the 1-2c stamp.

The announcement of Mr. Matula was regarded as of far reaching interest to stamp collectors. There was no immediate indication when the new issues would appear in Cameron.

GOHMERT'S STORE GETS MANY CONGRATULATIONS

Louis F. Gohmert, celebrating his 15th Anniversary in business in Cameron, gives thanks this week for a successful sale and a great public response.

Local business men, as many as space would allow in this issue, are congratulating their good neighbor in business.

Employees of the store, Miss Clara Matula, Miss Mary Richter and Miss Agnes Hehner were sharing also in the congratulations.

Mr. Gohmert came to Cameron 15 years ago, and entered business. The success of the store is a tribute to his business ability. Cameron was happy to praise him.

Mr. and Mrs. Gohmert have three children, Miss Dorothy Gohmert in state university; Louis Gohmert, Jr., in high school here and their baby girl, Carolyn Gohmert.

ROY STORRS CANDIDATE FOR COUNTY TREASURER

Roy Storrs, widely known citizen and former business man here, announced Wednesday, his candidacy for County Treasurer, effective with the nominating primary election to be held on Saturday, July 23, 1938.

The announcement of Mr. Storrs brought into the political picture of 1938 one of the best known and best qualified men ever to offer for the place he seeks. Friends here and over the county were well pleased to note that Mr. Storrs would be a candidate for this office. Pledges of support have come to him from all parts of the county and he was grateful for the many who have expressed their intention to vote for him.

Mr. Storrs is a farmer, living on (Turn to page 6)

Woodmen Circle to Stage 42 Party On April 1st

Woodmen Circle of Cameron will stage a 42 party on Friday night, April 1 in the Odd Fellows Hall, it was announced here this week.

The entertainment will be for the Circle Drill Team. A small admission charge of 25c per couple will be made. The party begins at 7:30 p. m. The public is cordially urged to attend.

Duke & Ayres store is celebrating 25 years in Cameron this week and with one of the most important merchandising events of the year, a sale of merchandise at great savings.

Lester Hughes, manager of the store, was sharing in a large measure the public esteem that has grown up around this popular store and the Duke & Ayres organization of 41 stores in Texas.

An important development of the past week was the refinishing of the building. New side walks have also been built. Inside the store has been made more attractive with new sky lights and bright walls.

"We sincerely appreciate the patronage that has enabled us to make this progress," said Mr. Hughes, "and we are looking forward to greeting many friends and customers during this great sale."

PENN WOLF ASKS FOR RE-ELECTION AS CLERK

Penn Wolf, District Clerk for Milam County, is a candidate for re-election to that office, effective with the nominating primary election to be held on Saturday, July 23, 1938.

The announcement of Mr. Wolf brings into the limelight a remarkable record in office. Commenting upon his announcement friends were ready to point out that Mr. Wolf represents in his life and in his conception of public duty, one of the most valued men ever to offer for any place of service in the government of his native county.

In announcing Mr. Wolf was happy to have the good wishes of thousands over the county. He was glad to acknowledge the personal and active support of many friends who recognize the value of his service and feel that he is indispensable to the high standards of efficiency now obtaining in this important office.

Born and reared in Milam county, he numbers among his friends thousands of his fellow citizens. His (Turn to page 6)

Green & Boedeker Launch Big Sale in All Departments

Green & Boedeker, big merchandisers of 1938, are in the picture this week with Herald readers in a great sale of foods, hardware and furniture.

A new development in the business is the General Electric Refrigerator agency which was formerly held by the Texas Power & Light Co.

In the food department Leland Green, Jr., was arranging one of the best stocks display of the year. In the hardware and furniture department new merchandise was being grouped and priced to move.

The prices quoted at the big store run through Monday, March 28th.

Security Board Authority Here Friday March 25th

Charles W. von Rosenberg, Assistant manager of the Austin office of the Social Security board, will be here Friday, March 25, to interview employers, public officials, civic leaders and employees on phases of the Social Security Act, it was announced today by W. F. Paden of the Chamber of Commerce.

In a letter to the Chamber of Commerce, the Social Security Board official said one of the purposes of his visit here would be to explain to interested employers the purposes and functions of the Austin office, which has been established to assign account numbers and service claims in this district. He will discuss in particular the manner in which employees may be assisted in filing claims for lump-sum payments, and the procedure with reference to applications for account numbers by employees.

C. V. TERRELL

C. V. Terrell Seeks Re-Election to Railroad Commission

In announcing my candidacy for re-election as a member of the Railroad Commission of Texas, I do so with profound appreciation of the trust reposed in me heretofore by the people of my native State.

True to my promises in the past, I have faithfully discharged the duties of an important public office and due to intensive training and experience I have qualified myself to pass upon matters coming before the Railroad Commission—a department which constantly faces complex problems vitally affecting every citizen of our Commonwealth.

The jurisdiction of the Railroad Commission embraces the supervision of railroads, trucks, buse, express companies, dock companies, gas utilities, pipe lines and the administration of the conservation laws of this State dealing with the production of oil and gas; investments to (Turn to page 10)

Cotton Quota for Milam is 112,000 Acres; Farmers Vote for Quotas

Milam County's cotton acreage allotment is 112,000 acres.

Although no official figures have been announced it is believed this figure represents a reduction of around 50,000 acres over the amount planted in 1937.

Farmers voted about 90 per cent majority for the marketing quota on March 12. There were 2894 votes for and 325 against.

Quotas have not been set definitely. It was believed the acreage to be planted in cotton would not exceed 40 per cent of the land in cultivation and may be slightly less. Large planters were not expected to co-operate, preferring to plant their normal acreage and pay the 2c tax to be levied for exceeding quota acreage.

George Banzhaf, county agent, said that the new program would work substantially as follows: On 100 acres of tilled or cultivated land 40 acres of cotton will be allowed; 28 acres may be planted to corn and 32 acres will be rented to the government. No crops raised on the 32 acres can be sold, but may be used on the farm. On the 28 acres in corn the farmer will be paid 50c per acre. He will be paid 24c per pound on lint yield from his cotton land based on an average of five years. This is to be paid whether the cotton crop this year is high or low. In other words it is a guaranteed income. On the land rented to the government payments will be made also. After deductions the government will pay from \$1.25 to \$1.75 per acre.

Under the new law government payments are much lower than paid under the Bankhead law.

No provision is made for reducing the cotton surplus other than reduction of acreage. Intense cultivation may yield as large cotton crop on reduced acreage as that produced on larger acreage, and all cotton may be sold tax free on allotted acreage. The 2c pound tax on non-co-operators and those who exceed quotas will not be sufficiently high to deter plantings.

Parent-Teachers Meet for Program In High School

Parent-Teachers Association in session Thursday heard Mr. M. B. Stokes Korean Missionary who is in Cameron conducting a revival meeting in the Methodist church. Christianity, he said has wrought great change in the far east.

Mrs. Chas. M. Hicks presented the pupils of 4Y in a play called "Sleeping Beauty." The pupils are from the room of Miss Anes Dusek and the play was directed by Miss Coble. Girls from the second year class of the home making department taught by Miss Lola Drew gave a style show of garments they had made.

Minutes submitted by Mrs. Ben Winfield shows that 65 members and guests attended the meeting. Mrs. Grady Stidham, president of the association reported on the work of the month.

Mrs. E. G. Lowe, Mrs. L. L. Blaylock and Miss Winnie Henderson were named on the committee for nominations.

Rev. and Mrs. N. H. Melbert of Marlin were guests. Mrs. Melbert singing a solo "Sweet Story of Old." Rev. J. Coy Williams of the Methodist church, introduced the speaker.

COMPANY WILL KEEP OFFICES IN CAMERON; GETS C C INDORSEMENT

An important business development of the week, one that has created interest throughout Texas, was the announcement from the Mid-American Life Insurance Company that the company would offer for sale a limited amount of stock.

Dr. W. R. Newton, Jr., president of the company, said that the Mid-American would keep its offices in Cameron despite flattering offers from a number of large cities. Local support was asked in the offer of stock. Already a number have purchased shares.

The Company has shown remarkable progress. Plans now are to operate in other states.

The Texas Securities Commission has approved the issue of stock to be sold. The Insurance Department of Texas has approved the plan and development of the company on a large scale was immediately in prospect.

On Tuesday night the Chamber of Commerce gave the company and its officials a ringing indorsement, recommending its stock and expressing the hope the county could find support in the amount sought and would maintain its offices in Cameron. Dr. Newton said that he would not consider any other city.

Major J. C. Bates is in Cameron with the company and is directing the stock sales. Cameron has received the offer with interest and there was every indication the limited amount offered would be readily subscribed. The company writes industrial insurance in the main and is one of the fastest growing insurance companies in the Southwest. The Mid-American Life Insurance Company is an old line company and Cameron is the only city in Texas of its population bracket to have the home offices of an old line insurance company.

Post-nuptial courtesies in honor of Mr. and Mrs. M. T. Cross of Austin were continued on Saturday evening, March 12th, when Mrs. Dwight L. Moody and Miss Mary Newton graciously entertained. The charming reception rooms of the Moody apartment were beautifully decorated with lilac and purple irises. Miniature brides and grooms centered the attractively laid tables. A delicious chicken dinner was served buffet style to the following: Mesdames M. T. Cross and Dwight L. Moody, Misses Florene Hobson, Mary Newton and Dorothy Kidd and Messrs. M. T. Cross, Stanley Schieffer of Waxahachie and Dwight L. Moody. A lovely water-jug of the popular Italian pottery was a gift presented to the couple. Mrs. Cross, nee Mary Frances Hobson, is an intimate friend of the hostesses, and they were graduated in the same class from Yoe High School. Other post-nuptial hospitalities extended the recently married couple were a miscellaneous shower, given by Miss Dorothy Kidd, a linen shower given by Mrs. Randolph Williams and a miscellaneous shower, given by friends in Austin.

Mr. and Mrs. Will Kuhn of Clarkston celebrated their 25th wedding anniversary on last Saturday, March 19th. They were married a quarter century ago in Burlington. On the occasion of their celebration, more than 100 friends and relatives gathered for the dinner, served family styles. Two turkeys with all the foods that make up a real turkey dinner were served. Mr. and Mrs. Kuhn are members of the St. Paul Lutheran church in Vogelsang and were happy to number among the guests, their pastor, Rev. K. Kalkbrenner. Other out of town friends to come from a distance were Mr. and Mrs. Edward B. Hesse and their son, James Edward of Bartlett. Mr. and Mrs. Kuhn received many gifts with silverware being noted in the number of remembrances. Mrs. Kuhn before her marriage was Miss Annie Schuetze. Both were born and reared in the Burlington community. They are the parents of 10 children, five boys and five girls. They have lived on the same farm for 25 years. A sister of Mr. Kuhn is Mrs. Owen Weems of Cameron.

Mrs. S. M. Burns and sons of Austin were in Cameron over the week end to visit in the home of relatives here.

The Money-Saving Tractor

Fuel is the biggest factor in the cost of running a tractor. Exclusive John Deere two-cylinder engine design makes it possible for you to save on fuel costs—to burn the money-saving fuels such as distillate, fuel oils, and furnace oils successfully and efficiently during the entire long life of the tractor.

Two-cylinder design gives you fewer parts—parts that are stronger, heavier, and more rugged. Consequently, they wear better, last longer, and save on upkeep costs.

Two-cylinder engine design permits you to inspect and adjust a John Deere Tractor yourself. You save on expensive mechanical help. Straight-line transmission, with belt pulley right on the crankshaft, puts more power on drawbar and belt.

Come in and see for yourself why John Deere Tractors are so economical to operate.

Mr. and Mrs. Tom Machaon and family spent Sunday with relatives in Caldwell.

Mr. and Mrs. Cecil Criswell, Mrs. D. R. Criswell and Mr. and Mrs. Eo. Kolba were Sunday afternoon Waco visitors.

M. M. HARRIS

Funeral services for M. M. (Morton) Harris, 69, prominent and well known farmer of the Tracy community, who died at his home Wednesday, March 16, at 6 a. m. was held at the Tracy Methodist church at 5 p. m. of the same day. Rev. Kelly Simmons, of Carrizo Springs, a former pastor and close friend of Mr. Harris and family, assisted by Rev. H. E. Crone, pastor of the Rockdale Christian church conducted the services.

The choir sang familiar hymns, a special song was sung by Mrs. A. J. Triggs of Cameron.

Mr. Harris had been in poor health for some months but was gravely ill for only a few days prior to his passing. He was a son of Mr. and Mrs. J. N. Harris pioneer residents of Milam county, was born and reared in the community in which he died and except for a few years that he and his family lived near Buckholts, spent his life in the same neighborhood.

He was married to Miss Annie Caldwell on Jan. 5, 1890. To this union were born twelve children, three died in infancy, the other after reaching young womanhood.

Surviving him are his wife four sons, Wallis and Roy of Tracy, Clyde of Palestine and Harry of Rockdale, four daughters, Mrs. Van Meter of Rockdale, Mrs. Earl Robinson of Seminary Hill and Mrs. Carey Moses of Waco, thirteen grand children, three brothers, R. S. Harris of Cameron, H. N. Harris, Buckholts, H. L. Harris Davilla, three sisters, Mrs. Bert Moore, Rogers, Mrs. Wilburn Felton, Childress and Mrs. Gypsy Pruitt, Davilla, and a number of neices and nephews and other relatives.

Mr. Harris united with the Baptist church in young manhood and was loyal to the faith until he was called home, was a real Christian in a quiet way. He was a devoted husband, a loving father and a good neighbor.

His pastor said "he was a good man" no greater tribute could have been aid him.

That he was much loved and respected was evidenced by the kindness shown by neighbors and friends

during his illness, the large crowd attending the funeral and the many lovely floral offering. He was laid to rest in the cemetery near Sharp, by the side of a little grand child buried some years before. Lucky & Phillips, Rockdale undertakers were in charge of funeral arrangements.

Pall bearers were: Jim Bartlett, Frank Iribble, Cecil Plate, C. W. Baggett, Bernice Charles, Henry Plate, Jack Dunham and Bill Alex Bonds.

Texas Fiddlers to
Meet in Athens
On May 20th

Texas fiddle bands and harmonica players all over the State are getting ready for their first statewide convention on May 20th when they will celebrate their seventh annual reunion which is expected to attract 40,000 persons.

Fiddlers will be divided into three

groups. (1) All fiddlers 60 years of age and over. (2) All fiddlers 40 years of age and not over 60. (3) All fiddlers under 40 years of age. The state contest will include "double champions" making a total of six state champions.

All Harmonica players, regardless of age, will compete in one group. Two of the best players will be awarded the state honors.

The state champion musicians will

be a special feature on the afternoon program including a radio broadcast and prominent speakers.

Twenty-five Texas Fiddle Bands will be featured on the night program. Thousands will dance in the streets to waltzes and old time tunes. Modern sound equipment will be used.

Thirty-three cash prizes will be awarded by the Texas Fiddlers Association of Athens.

Leisure for you!

...and better
cooked meals
at less cost
with today's
gas range

Until you actually use today's gas range you'll never know how easy and sure cooking can be, not to mention the hours one cuts from kitchen time.

There's an automatic temperature control that assures perfect baking and roasting whether you are in the kitchen or out of the house. Tight insulation holds oven heat constant... helps the oven to heat faster... saves gas... and keeps the kitchen cooler. Simmer burners provide a highly flexible heat

that can be controlled to the exact temperature required for any boiling or frying job.

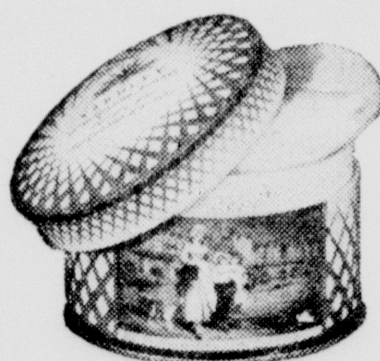

Of course, there are many other features to make your kitchen work easier and add hours of new leisure every day. And the best way to know these features is to get a first-hand look at the new ranges. They are as beautiful as they are efficient and are sold on the easiest kind of terms.

Wolf

(Continued from page 1)

personality has made vivid the cordial atmosphere of the county capital. Possessing the capability to make friends and to hold them, it was a rich heritage that he enjoyed on the occasion of his asking for re-election.

Few men have attained a higher degree of efficiency in their service in public office. A man of wide experience and rare clerical ability he has made his office a model avenue of service to the court he serves and to the general public in its relationship to the government which he serves.

His stewardship in the office reflects a confidence that weighs heavily in his favor as a candidate. During his service as District Clerk he has handled more than \$750,000 in trust funds. His service has been economical. He has never retained the services of an assistant, preferring to perform the duties himself and thereby save the tax payers of the county the funds that would be required to pay for help. In this way he has made his office self sustaining and annually has turned back into the county a considerable sum.

The office in point of importance ranks low in the salary bracket. It was a matter of great pride to him that he has been able to serve at such a small cost to the people. Friends were open in their comment upon his fine record and the efficiency that has uniformly obtained in the office of District Clerk under his administration.

The duties of District Clerk require a knowledge not common to many public trusts. Into his work he has installed the principle of efficiency, keeping his records in such a manner that all requirements are met in the accepted standards of modern demands. He often goes beyond his duties to serve and in so doing has earned the commendation of the people as well as those who have served with him in important places in the service of the county.

As a civic leader Mr. Wolf has made a record that is enviable from many standpoints. Mr. Wolf believes that as a citizen he owes much to the life about him and his contributions to civic welfare have been large. For these and other pronounced services he now holds a place of esteem among the people that is almost without parallel in the history of the county.

In making the campaign this year he hopes to be able to see and talk with each voter. In the event that official duties make it impossible for him to see each one he takes this method of expressing his hope for a united support for his re-election and sends his greetings to friends in all sections of the county and asks that they lend his campaign their personal and active support.

his place, east of Cameron and in the Milano section. He moved to this farm several years ago, after he gave up clerical work and business.

Mr. Storrs is well known to the people of Cameron and to all parts of the county. At one time he was engaged in business in this city. For years he was a bookkeeper and has been associated with some of the largest business firms in Cameron. Through the years he has equipped himself for the place he now seeks. He is an accountant, an expert book keeper, understands finance and records of all kinds. He has never offered for nor asked for public office. He has been a resident of the county for many years. Friends point out that Mr. Storrs would bring to the office of county treasurer one who is equipped from every standpoint to do the job. They feel that it is an opportunity rarely offered to the public service and his election would give Milam County one of the best qualified men who has thus far sought public office.

In making his announcement Mr. Storrs said that he felt he was well known and that his life work should speak for itself. He believes that those who offer for public office should possess to an unusual degree qualifications that fit them for the service they ask to enter. Mr. Storrs feels that it is not necessary

to dwell upon promises, that in the main the people know of his life and record. Friends were supplying the comment necessary to properly appraise his worth. They point out that few men are so well adapted by training and experience for the office.

Mr. Storrs plans to make an active canvas and to conduct his campaign on a high plane without issue save to offer himself, a qualified and efficient employee in the public service. Anything his friends may do will be greatly appreciated.

Making Up Beds

The Ad Hall 4H club met March 15, with Johnny and Marie Ruzicka. We learned how to make up beds. This is how it is done: fix your sheet tight on the bed, then take the cover in your right hand, get it straight, then tuck it under, then tuck the part in your right hand under. This is done so the sheet will not come off the bed, fix it this way on all four corners, then put your covers on the bed, then you have your bed made up.

Those present were: Patsy Ruth Powell, Marie Ruzicka, Johnny Ruth Ruzicka, Louise McDonald, Lillie Mae Shepherd, Augustine Horrelia and new members Ida Nell Bridgewater and sponsor Mrs. Agnes Gravender, and agent, Miss Ida Mae Hinman.

A birthday supper was given for Mrs. Joe Janes in honor of her 56th birthday Tuesday evening March 15, and coffee, cake and sandwiches were served. Those present were Mr. and Mrs. W. D. Shepherd and family, Mr. and Mrs. Henry Stalmach and children, Mr. and Mrs. D. W. CITIZENS FILE NAMES TWO TRUSTEES TODAY

Early Thursday morning a committee of citizens requested newspapers to publish the announcement that D. T. E. Crump and F. S. Lesovsky, members of the Cameron School Board had been drafted to offer again for re-election.

Both men are now members of the board and their terms expire with the election to be held on Saturday, April 2nd. The school board has called an election to be held on that date at which time two are to be elected to serve for two years.

Dr. Crump and Mr. Lesovsky both consented to run again after citizens had requested they submit their names for the ballot. Both express their deep appreciation for this manifestation of good will and appreciation for their services.

During their terms on the board, friends pointed out, the schools have made great progress, notably the construction of the gymnasium and physical education building and additions to the Colored schools. At present the school has under construction cement drive ways at Yoe High.

Perhaps the most important part of the record was the building of

a surplus fund and the application of better business methods in the management of the school system. Both men have served well and know every detail of the work so necessary to a successful administration. Cameron schools have become larger and more important and citizens who filed the names of Mr. Lesovsky and Dr. Crump feel they are responsible, along with other members for this good condition.

Dinner is in...

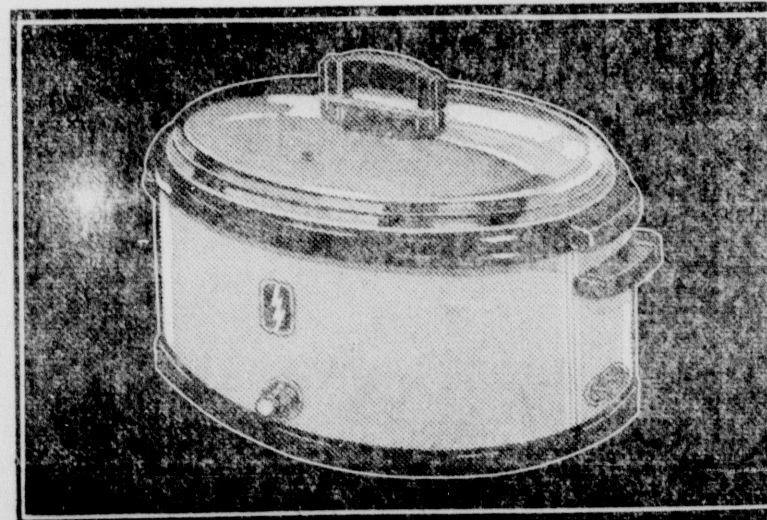

Three P.M. and mother has just placed her dinner in her electric cooker. She has a four-pound roast and three vegetables in the cooker. She started the cooker pre-heating at twenty minutes of three, she will now leave it on high heat twenty minutes longer. There was really little work to getting this meal in the cooker.

Mother is free...

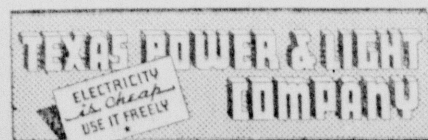

Mother's sewing club meets at 3:30, so she dresses and prepares to leave the house with a free mind. There is not the slightest danger of fire from the electric cooker. Cut to low heat it will not burn her food, even if she were an hour or so later than her usual dinner hour. And, she knows her meal will be deliciously pleasing to her family. This, she feels, is real freedom from kitchen cares.

Dinner is Ready to Serve...

At a few minutes to six mother returns home. She is unhurried. Without changing clothes (slipping on an apron) she sets the table and at 6:15 "Dinner is Served!" And what a delicious dinner. Tasty. All the food value of meats and vegetables retained. Full-bodied flavor that brought exclamations of delight from the family. Mother was happy. So is every mother who cooks electrically... the economical electric cooker way! It costs approximately one cent per meal to cook in an electric cooker.

Shop today for your electric cooker. You will find them at the stores of merchants selling electrical things, and at electrical dealers and contractors. Prices are low and their service is beyond measure.

The recent marriage of Miss Verna Beth Beard to Glynn A. Williams in Cameron was of interest to many here and in other sections of the state. The ceremony was performed by Rev. Maurice Grove in the First Christian church at 9 o'clock Sunday morning, March 6th. The bride is the daughter of Mr. and Mrs. Raymond Beard and was reared in Cameron. The groom is the son of Mr. and Mrs. John A. Williams of Bryan. Their romance began in Bryan a year ago when Miss Beard was a member of the staff at the government bank. In the wedding ceremony the double ring ritual of the church was used. Close friends of the family and many from over the city and out of the county were present for the wedding. Palms and gladiolas made an attractive altar before which the bridal party stood for the ceremonies. Snap Dragons of pink were also in the floral picture. Mrs. Frank Reid at the piano played the wedding music. Mrs. W. G. Harsha sang "The Sweetest Story Ever Told" with Billie Clark on the violin. During the ceremony Mr. Clark and Mrs. Reid played "Ah, Sweet Mystery of Life." The bride came to the altar on the arm of her brother, Garland Beard while the music of Longrin filled the church with soft melody. The bride was beautiful in a suit of blue sheer wool with accessories of roseberry. Her hat was of roseberry straw and in poke bonnet design. She wore a black veil. Shoes and gloves were of harmonizing shade. She wore a bracelet her mother had worn at her wedding. It was the first wedding ceremony held in the auditorium of the new church building. Mrs. Reid and Mrs. Harsha were lovely in frocks of dark sheer crepe and wore corsages of pink sweetheart roses. Mrs. Beard, mother of the bride wore a black tailored suit. Mrs. Williams, mother of the groom wore a dark sheer dress. Alph Harrison and Wilburn Harmon of Bryan, old friends of the groom were ushers. Mr. and Mrs. Williams will make their home in Bryan. They left shortly after the wedding ceremony for a wedding trip. Mr. Williams is engaged in business in Bryan and is a former student of Texas A & M. The bride graduated from Yoe High School here and attended business college in Port Arthur. Before and following the wedding ceremony she was complimented in a number

of social courtesies here and in Bryan. It was announced that she would continue her work with the government bank in Bryan and at Cameron.

Among the courtesies for Miss Verna Beth prior to her marriage here on Mar. 6, to Glynn A. Williams, was tea and shower held in Bryan in the home of Mrs. E. E. Yeager on March 4th. In the bride's book the names of about 40 guests appear. In the receiving line were Mrs. Yeager, Mrs. Raymond Beard, Miss Verna Beth, and Mrs. Williams, mother of the groom. Those attending from Cameron are: Mrs. T. C. Copus, Mr. and Mrs. Raymond Beard, Mrs. J. W. Baker, Miss Ina Wilson, Miss Helen Dierr, Miss Myra Lee Fanning, Miss Norma Mode and Mrs. Bert Miller of San Marcos. Another courtesy of the week for Miss Beard and the wedding party was a turkey dinner served in the home of Mrs. Frank Reid on Saturday evening preceding the wedding on Sunday, March 6th. Mrs. W. G. Harsha shared with Mrs. Reid the duties of hostess for the occasion. The dinner was served on individual tables decorated with bowls of flowers. The bride and groom had an especially appointed place. A heart shaped wedding cake was an added delight for the menu. The bride received a silver dish from Mrs. Reid and Mrs. Harsha. Those attending were: Rev. and Mrs. Maurice Grove, Mr. and Mrs. Raymond Beard, Miss Hilda Burke, Billy Clark, Miss Helen Dierr, Garland Beard, Mr. and Mrs. Frank Reid and Mr. and Mrs. Harsha. Miss Beard was tendered a lovely courtesy by the women of the Christian church on March 3rd at the church. The entertainment was a mock wedding. The reception rooms of the church were decorated in spring flowers. Mrs. Ray Burke and Mrs. Copus welcomed the guests. At the conclusion of the entertainment Mrs. Wagner and Mrs. W. B. Denson presented the gifts from the church society. Miss Beard in her own charming way thanked the members for their remembrance.

Mrs. Chas. Davidson employed a St. Patrick's Day motif for her bridge courtesy on last Thursday afternoon. Lilac and bridal wreath featured the floral decorations. Mrs. E. C. Cole made high score for members of the club and Mrs. Lester Williams made next high. In all ap-

pointments, including refreshments the St. Patrick motif was carried out. Refreshments were served from large trays decorated in the chosen colors. Guests other than club members were: Mrs. B. F. Reichert, Mrs. Lester Williams, Mrs. Walter Burns, Mrs. Harry Tag, Mrs. Chas. Nabours, Mrs. Gaston Barmore and Miss Dulce McCall.

A beautiful St. Patrick's Day motif featured the bridge on last Tuesday afternoon when Mrs. Alvin Nolte entertained her club. Dogwood, famous Texas political blossom and bridal wreath featured the decorations. Guests to enjoy the party were Mrs. J. M. Bowman, Miss Aetna Smith and Mrs. Oxsheer Smith. In the games Mrs. Emory Camp made high score and Mrs. Claude Triggs made second high. Mrs. W. E. Gaither and Mrs. Bowman assisted Mrs. Nolte in serving a salad course.

A delightful entertainment of the past week was a bridge in the home of Mr. and Mrs. E. D. Parnell, when she entertained her bridge club. Guests were Mrs. Albert Collins, Mrs. L. C. Wood, Mrs. Phillip Reid, Mrs. Jack Wilkerson, Mrs. E. C. Cole and Mrs. Chas. Allday. Spring flowers were noted in the decorations for the bridge. Mrs. J. L. Calloway won high for club and Mrs. Cole high for guests. Mrs. Phillip Reid was consoled with low score award.

The Alpha Eta Chapter of Beta Sigma Phi of Cameron met Monday evening, March 14, at the home of Dorothy Kidd. Those present were Dell Horstmann, Billy Reno, Adalyn Smith, Maurine Wiese, Jane Tyson, Pauline Starnes, Ruth Newton, Ada Margaret Smith and Dorothy Kidd. The program for the evening was based on "Conduct of Friendship" stressing Emerson's Essay on "Friendship," and great friendships in history which was given by Dorothy Kidd. Ada Margaret Smith gave a discussion of "Interpretation of Friendship."

Mrs. Herman Boedeker and Mrs. Roy Jeter were recent joint hostesses to St. Rita's Circle of the Catholic church. Mrs. Ray Robinson, president of the circle presided at the business meeting. On last Wednesday the Circle met in the home of Mrs. Joe Hebner. Following the business and devotional Mrs. Jeter and Mrs. Boedeker served refreshments of sandwiches, cookies and coffee.

"The Buccaneer" DeMille's Greatest Screen Production Comes to Cameron Theatre Sunday and Monday, March 27 and 28

"It's as big as America itself!"

That's the way Cecil B. DeMille, the dean of director-producers, referred to his sweeping epic of American's struggle for survival during the dark days of the War of 1812, "The Buccaneer," to open at the Cameron Theatre on Sunday.

A genuine epic production must contain certain features which, taken together, thoroughly distinguish it from any ordinary motion picture, in DeMille's opinion. It must be built around the triumph of some terrific idea or cause which has changed the course of history. This may be the first flowering of religion, which he so strikingly brought to life in "The Ten Commandments," or the onward march of Christianity during the Middle Ages, as seen in "The Crusades."

DeMille feels that he could have picked out more enthralling an idea than that of the United States, the infant experiment in democratic self-government, fighting for its life in a long war against a powerful enemy. "The Buccaneer" is built around the War of 1812, one of America's most exciting and crucial periods, and the amazing part played in it by Jean Lafitte, pirate king and merchant prince who terrified the Spanish Main during the early days of the nineteenth century.

Epic Requires "Leader"

Heroic and romantic characters must stand forth in an epic; they must be men and women of intense personality who have made history, De Mille says. Among the more famous of these in DeMille productions are Moses, Pilate, the Saladin, and Cleopatra. Although belonging to a more recent era, the leading chara-

acters of "The Buccaneer" have all these attributes, DeMille emphasizes, and, he says, to Americans they should be even more interesting since they are the people who helped make the United States what it is today. As examples of this DeMille points out Dolly Madison, General Andrew Jackson, Governor Claiborne of Louisiana and Lafitte, whose part is played by Fredric March.

DeMille intended that "The Buccaneer" should top all his previous efforts. He chose a theme combining adventure, war and romance. It is the story of a pirate chief in love with a belle of old New Orleans. In order to win her he must give up his notorious life and become a respectable citizen.

Authenticity a "Must"

DeMille spared nothing to make the historic settings authentic. The leading libraries of the country were combed for information about the period, and research men were sent all over the world in search of important data. Sets, unsurpassed for lavishness in screen history, were built from model personally supervised by DeMille. For the battle scenes a small navy was constructed, designed after that used by the United States in the War of 1812.

An epic is no more authentic than the characters in it. For the title role DeMille chose Fredric March when it was discovered what an amazing resemblance he bore to a portrait of Lafitte. Francisca Gaal, the glamorous importation from Budapest, plays opposite him as the beautiful Dutch girl. The colorful pirate, Dominique You, is played by Akin Tamiroff.

the week end with Ora Bell Matthews.

Mrs. Carl Loftin and children, Billy Joe, and Wanda Lee and Mrs. Wally Loftin and Miss Opal Loftin visited Mrs. J. W. Price and family Sunday.

Mr. and Mrs. Crockell Allen and Mr. Clarence Allen of Dallas, and Mr. and Mrs. Ernest Allen of Fort Worth visited their father and mother Mr. and Mrs. Tom Allen and family this past week end.

Mr. and Mrs. N. W. Gandy and family visited Mr. and Mrs. Jim Russell and daughter Lorraine, Sunday.

Miss Lois Price of Dallas spent the week end with home folks.

Miss Annie Schiller visited Miss Gladys Griffin Sunday.

James Fritz spent the week end with Lorenz Fisher.

A birthday party was enjoyed by little Alice Marie Fritz Sunday evening on her second birthday. There were a number of her little friends present. Games were played and refreshments were served.

There will be a community party at the South Elm school house March 18. Everyone is invited to come.

Farmers of this community are all very busy planting corn.

New Crop Plan is Explained by George Banzhaf

Farm Program

Crop classifications under the 1938 Farm Program are as follows:

1. Soil Conserving (government)
 - (a) Legumes, millet, pastured, plowed under, or harvested for hay.
 - (b) Sweet sorghums (cane), pastured, plowed under, or harvested for hay.
 - (c) Sudan, pastured, plowed under or harvested for hay.
 - (d) Oats, plowed under green, if reasonable growth is obtained.
2. Soil Depleting
 - (a) Corn.
 - (b) Cotton.
 - (c) Grain sorghums (maize, Hegari, etc.)
 - (d) Oats, harvested.

Payments under the government program will be made as follows: 2.4 cents per pound for the normal average yield of cotton per acre on the cotton acreage quota. 1.25 (approximately) per acre on each acre in excess of 1-2 cotton acreage quota for each acre in the general soil depleting acreage quota.

Acreage Quotas

The County Office is having difficulty in securing a number of Work Sheets. The fact that so many farmers have refused to file Work Sheets is delaying all work of this nature in the county. Please suggest to your neighbors who have not filed a 1937 Work Sheet, to do so immediately.

Spring

Mother Nature has a glad story to tell

When the tree buds begin to swell.
Nature tells it in God's own way—
As she begins to lengthen our day
We know it's spring.

Then the air is pure and sweet and cool

And the streams bubble and whirl in pools;

Trees and flowers put on new dresses,

The leaves reach out as if caressing—
For it is spring.

The soft pretty clouds in the sky—
We watch them as they go drifting by;

When the warmer days begin to start

The clouds play a particular part
In telling us it's spring.

Flowers bloom beneath our feet
And we hear the whistle of a bob-o-link,

Or the soft crooning of a dove
Telling the world his tale of love,

And it is spring.

When the wind sends things in a scurry

And the dust blows across the prairie,
Little plants bobble and bow in the wind

As they to earth's beauty their color lend
Because it is spring.

In the meadows the rabbits play
From early morn to the close of day.

The cows low and tinkle their bells
As if they, too, the glad news would tell

That it is spring.

As the rain falls on the windowpane
We know the world will freshness gain

And cause a carpet o'er the earth to spread
So that man and beast will again be fed

Since it is spring.

Mother Nature plays a wonderful part

And wins a place in every heart.
We all should very grateful be
For the wonders Nature lets us see

When it is spring.

Of all the wonders there are to see
The greatest on this earth to me

Are the works of Nature to help man
To earn his living from the land

When comes the spring.

FARMERS IN COUNTY HEAR DAIRY TALKS

Milam county's big dairy program was well advanced again this week following a series of meetings held over the territory by the Kraft-Phenix Cheese Corporation.

W. M. Alexander, manager of the local cheese factory, was instrumental in arranging a series of educational talks by J. M. Roddy, of the Kraft-Phenix Cheese Corporation and R. C. Harris, representing the Diversy Corporation of America.

Mr. Harris brought along a three real motion picture, a complete story of better methods on the dairy farm. The film emphasized sanitation and proper care of milk. Also products used on the dairy farm were introduced. Mr. Harris pointed out in his talk that milk is often lost to the producer of he neglects precautions that should be taken to insure against deterioration.

Mr. Roddy is the field superintendent for the Kraft company in charge of production. Mr. Harris represents his own company.

The high spot of the week's campaign was reached on Friday night in Sharpe when the school building was jammed for the talk. M. V. Holman, teacher of vocational agriculture in the school there, was in charge of the meeting. He also conducted a hearing on the new cotton bill.

Mr. Alexander said Thursday that the Sharp community is one of the best producing sections of the county. The plant at Cameron is receiving milk at the rate of more than 3,000,000 pounds a year at the present time.

ORDER OF ELECTION

At the Board Meeting of the trustees of the Cameron Independent School District, March 10, an election for selecting two trustees to fill the expiring terms of Dr. T. E. Crump and Mr. Frank Lesovsky was ordered to be held at the City Hall (Old State Bank) on the date of April 2.

Mr. Albert Matula was appointed judge of the election and Mr. E. A. Perrin, Secretary of the Board, was directed to have the ballots printed and to make all other necessary arrangements for this election.

Those who wish to file on the ballot should file with the secretary of the Board, Mr. E. A. Perrin.

Poultry Raisers in County Hear About Better Methods

Poultry and turkey raisers of Milam county assembled at the Fairmount Creamery for an all day meeting last Friday, March 11. George McCarthy, Extension Service Poultryman, opened the program with a general discussion on Turkey production. He told how turkey raisers of other states were succeeding with turkey raising by the use of summer feeding, selecting better breeding stock, and the staging of fall shows for dressed turkeys. "Get a short legged, broad-breasted turkey for breeding," McCarthy insisted.

Diseases of old turkeys and chickens were discussed by V. F. Taylor during the morning program and he followed with a talk on diseases of baby chicks in the afternoon. He stressed the use of bacterins, and viruses as means of preventing such diseases as chicken pox or sorehead, cholera, fowl typhoid, etc. He also stressed sanitation, and the buying of chicks from pullorum disease free flocks.

W. F. Munnerlyn, Assistant Professor, Poultry Husbandry, A & M College, talked on housing, yarding and general management and feeding of the poultry flock. He insisted on confinement of the flock with a double yard system to control sanitation, and urged early planting of Sudan grass for summer greens.

Mr. McGuire of the Fairmount Creamery Co. told of the requirements of a good market turkey, chicken and egg. He insisted on the

CARDUI

In this modern time something wonderfully worth while can be done for practically every woman who suffers from functional pains of menstruation. Certain cases can be relieved by taking Cardui. Others may need a physician's treatment.

Cardui has two widely demonstrated uses: (1) To ease the immediate pain and nervousness of the monthly period; and (2) to aid in building up the whole system by helping women to get more strength from their food.

production of a good product for market.

A good group of farmers, farm women and boys were in attendance during the day. "We were well pleased with the days program and expect much good to come from it," E. D. Parnell, C of C president in charge of the program, said. A similar program will be held in the near future, it was stated.

taling more than three billion dollars.

The Commission has caused the rate on cotton to be reduced in some instances from \$4 to \$1.25 per bale, resulting in a saving to the cotton farmers and people of the State of several million dollars annually. Through its action the rates on grain are lower than they otherwise would have been and the grain farmers of Texas have thereby been saved, and are being saved, in excess of two million dollars annually. Because of the action of the Commission the rates on stocker-cattle are 15 per cent low.

er than they would have been, which saving has accrued to the cattlemen of our State.

An order of the Commission directing a reduction of the gas rates to the City of Laredo, by which the consumer will be saved more than 25 per cent was recently sustained by Supreme Court of the United States. Since I have been a member of the Commission no order of the Commission fixing gas rates has ever been stricken down by the Court.

The Railroad Commissioner's policy of oil and gas conservation has yielded to the permanent public school fund, the University of Texas and A & M College more than forty million dollars, the benefits of which will extend to coming generations.

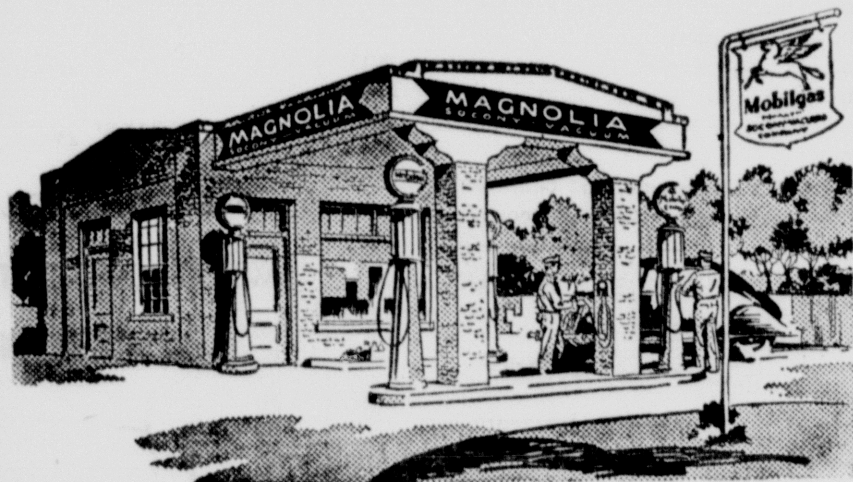

Standing upon my record in these and many other achievements of the Commission, I ask with confidence my re-election to this highly responsible office; and I pledge a continuation of my best efforts for the public welfare.

A faithful performance of public service in the past is the best guarantee of like service in the future.

CITY ASKS \$80,000
IN GOVERNMENT AID

Application for an \$80,000 grant of federal funds for building a water system in Cameron has been filed by the city government with the Works Progress Administration offices in Austin.

The people voted \$150,000 in bonds to purchase the existing utilities, or construct a new system. The City was believed at last to have acknowledged that the bond money is insufficient and is now seeking \$80,000 more, making a total of \$230,000.

It was believed that the properties of the Community Public Service Company can be purchased for much less than this figure. The belief that the council might proceed with a new system and endanger the people's investment by competition, has resulted in some apprehension among thinking property owners.

In the main people were not concerned and are rarely ever interest-

ed in the expenditure of public money.

That there is no necessity for two water systems, it was pointed out, is shown by the number of consumers and the facilities the present company has to serve the city. Under the commerce law both systems must collect a rate high enough to make money. With two systems higher rates would be inevitable. There was no guarantee that all consumers would go with the city.

Another fundamental defect in the city's plan was that it offers an equal quality of water at a rate no higher than is now being paid. The river was regarded as the only source from which a supply sufficient might be obtained, and further, it was believed any other source of supply might not meet health standards.

A plant for treatment of the river supply or any other supply would be necessary if the city gave its patrons any advantage.
